Disclosure

Assistant Commissioner for Patents
Washington, DC 20231

October 30, 2001

Sir:

Applicants submit that the communication dated August 30, 2001 was apparently issued in error and Applicants request that the Notification be withdrawn.

The Notification asserts that the application does not comply with the requirements for a "Sequence Listing", including a computer readable form of the sequence listing. But the present application relates to polymers, and nothing in the Specification relates to nucleotide and/or amino acid sequences which would require a sequence listing.

Accordingly, it is requested that the Notification dated August 30, 2001 be withdrawn, and that the next communication from the U.S. Patent and Trademark Office (USPTO) indicate the Notification has been withdrawn.

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact Leonard Svensson (Reg. No. 30,330) at (714) 708-8555, to conduct an interview in an effort to expedite prosecution in connection with the present application.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 02-2448 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17; particularly, extension of time fees.

Respectfully submitted,

BIRCH, STEWART, KOLASCH & BIRCH, LLP
